As Australia's life sciences peak body, AusBiotech connects over 3,000 members across the entire health innovation ecosystem. Members gain strategic policy advocacy, discounted access to premier industry events, exclusive exposure through national platforms, and direct links to global partners. Whether you're a startup, researcher, investor or established business, AusBiotech empowers your growth through collaboration, visibility, and influence.

#### AusBiotech Priorities

- We advocate and shape policy
- We create national and global connections
- We enable learning and knowledge-sharing

#### We Advocate and Shape Policy

##### The time is now

There has never been a more important time for Australia to harness its world-class health and medical research strengths to build, scale, and retain a globally competitive biotechnology and medical technology industry – one focused on translation, development and commercialisation, with world-class manufacturing capability.

##### Unifying the sector's voice to government

AusBiotech is shaping policy and uniting the life sciences sector's voice at every level of government to ensure sector is recognised as a strategic national priority.

##### Clear advocacy agenda

We are advocating for the establishment of an Australian Life Sciences Council, the development of a whole-of-government life sciences strategy, and greater investment in data to fuel innovation and inform effective policymaking.

#### We Create National and Global Connections

With our unrivalled national convening power, AusBiotech unites Australia's life sciences ecosystem and partners globally, to drive innovation and create new opportunities for collaboration.

##### Leading conferences and events that drive impact

Our annual portfolio of industry-leading conferences and events connects every part of our ecosystem to bridge discovery and commercial outcomes to benefit all members.

We proudly convene Australia's flagship international biotechnology gathering, the AusBiotech International Conference, alongside AusMedtech, our premier medtech event. Our Invest series completes this trio, collectively attracting thousands of global and local innovators, service providers, investors, government supporters and large companies each year.

We also run a range of state-based events from Women in Leadership Summit to BioCheers and BioBriefings among others.

##### Connecting industry in Australia and globally

As Australia's life sciences super-connector, AusBiotech collaborates with international associations, local peak bodies, and state-based partners to ensure our members thrive.

We represent Australia on the International Council of Biotechnology Associations, engaging in global trade and policy discussions. Domestically, we maintain strong ties with other national peak bodies and state based organisations.

AusBiotech members and our industry network will receive a 10 per cent discount on some global EBDGroup Life Science Conferences.

##### Enabling visibility and connection

We manage the Australian Life Science Innovation Directory, a comprehensive database of innovative companies that supports local and global partnership opportunities.

#### We Enable Learning and Knowledge-sharing

AusBiotech's strength lies in its diverse and expert membership. Through our extensive network of Committees and Advisory Groups, we harness this collective knowledge to share best practices, shape strategy, and support collaboration.

##### Members: The heartbeat of AusBiotech's story

Our members are the driving force behind Australia's life sciences innovation and we're proud to champion their work. We keep the sector informed, connected, and inspired through a suite of member-driven communications:

- *THRIVE* – fortnightly member-only newsletter
- *SPOTLIGHT Series* – inspiring video stories highlighting innovation from within our community, shared via LinkedIn and *THRIVE*
- *Biotech Dispatch* – a twice-weekly newsletter delivering timely updates from across the sector
- *Australasian Biotechnology Journal* – biannual rich journal showcasing sector capabilities and trends

#### AusBiotech International Conference *Bringing the world to Australia's biotech industry*

For almost four decades, AusBiotech has united Australia's life sciences sector, connecting people, ideas, and opportunities.

Our flagship AusBiotech International Conference is the biggest week in biotech and life sciences, celebrating Australian innovation – from research to breakthrough medical technologies and therapies.

With growing international participation, the AusBiotech International Conference showcases Australia's capability on a global stage.

Designed by the industry, for the industry, AusBiotech 2025 will be a dynamic platform to spotlight scientific achievement, drive commercial success, and accelerate the translation of research into real-world impact.

**Mark your calendars for 21–24 October 2025 in Melbourne, This is one conference you won't want to miss!**

Corporate members receive exclusive event advertising and exhibition booths.

**"As Australia's peak body for the life sciences, we champion innovation that drives the health and wealth of our nation. Our work supports the growth of Australian life sciences from discovery to translation, development and commercialisation, fostering an ecosystem that empowers our members to thrive locally and globally."**

AusBiotech CEO Rebekah Cassidy
